1. *Transform any disagreeable thing you meet on the way, into little roses; Gather them with love, and offer them to Me with love. This is how I appreciate the gifts: when they are given with all possible love; then even your most insignificant actions become precious to Me. (Jesus)*
2. *Remember that an act of love on your part can decide the eternal salvation of a soul. So see that you don't waste a single "Jesus, Mary I love you, save souls!". (Jesus)*
3. *Love Me always, beyond the struggle and the inevitable falls; try to remain unimpressed by failure, but continue, impervious, your act of love. (Jesus)*
4. *Forget everything and everybody and think only of loving Me; concentrate all your thoughts, your heartbeats and silence, on this alone: loving. (Jesus)*
5. *You live in Me and we are one; you will bear much fruit and become powerful, because you will disappear like a drop of water in the ocean; and in you will pass my silence, my humility, my purity, my charity, my gentleness, my patience, my thirst for suffering, my zeal for souls, to want to save them at any cost. (Jesus)*
6. *Consolata, there's so much to do and so urgently, and you see a Sister who needs help. Oh! don't pass her by, but first stop to make this act of charity, I will ensure that you arrive on time to do all your duties. (Jesus)*
7. *To continually maintain the act of love in your heart, for it to not be interrupted, it is necessary that the sacrificial fire always burns in it, fed by continuous little acts of virtue. (Jesus)*
8. *Since you are thirsting to love Me and to save souls, always remain in Me, never leave Me for one instant and you will bear much fruit. (Jesus)*
9. *The ceaseless act of love prepares the soul to resist temptation, sustains her during temptation, because love is everything! (Sister M. Consolata)*
